Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	Our college did not allow the pandemic to interfere with the process of teaching and learning., Timely and effective coverage of the curriculum lieas at the heart of our academic endeavours. As soon as the pandemic set in, Google classrooms were started, even in April 2020 and the students were taken thrOugh the rest of the curriculum - though very little of it remained in 2020. Exams were conducted in the online mode. With the next academic year, online classes were commenced - on Google meet and Zoom. Whatsapp groups were created for all classes and maximum participation of students was ensured in the online classes. the subject teachers took extra efforts for the emotional and technical well being of thestudents by familiarising them with the online mode of learning, reassuring them now, encouraging them, then in the matter of attending online. Since many of our students come from remote villages and had not had access to smartphones, they were given personal orientation by the teachers on the use of smartphones and in attending online classes. By regular tests, the PDFs of which were scanned and sent to the subject teachers, a fair evaluation could also be made. Various webinars, skill development programmes and student enrichment programmes were organised - to ensure the students stayed in touch with studies. Regular quiz programmes were conducted online for our students and they were encouraged to participate in the programs and quizzes conducted by other institutions. Except that the students did not come to college, physically, there was no shortfall in the teaching, learning, evaluation process. The students were, in fact, very eager, responsive and happily curious about the new mode of learning. Regular meetings were also held with students online to maintain the personal rapport with the learners. On the whole, our institution can happily say that the pandemic opened up a new avenue of teaching and learning.		
3. The period of delay in completion of syllabus (in months).	0		
4. The period of delay in conducting exams (in months).	5
